| 12/14/17 | #4D | At the request of DON, pt. is being seen and treated for pain in tooth #4. Patient has not submitted a patient kite to dental and has been informed to submit dental kites (request for tx) from this point forward. Oral exam done, med hx reviewed. 1 PA taken #4 carries & calculus #4D removed calculus & carries. Placed GmeLife and Chemfil A4 #4D. Recontoured with gingivostat impression NV. Continue w/ either restorations or scaling & root plane. Pt. smile he with kite and told me that this was "the most pleasant dental experience he has had". Pt. also mentioned that he had previously had a fractured mandible. | MBelley |
